LEWCO 3400T PTFE/Teflon Impregnated Fiberglass Fabric

Product Specifications

LEWCO Style 3400 T is an asbestos free woven fiberglass fabric impregnated with PTFE Teflon resins, then top coated with pigmented Teflon. This coating is impervious to most known chemicals, will not stain and cleans easily. LEWCO Style 3400 T has a fairly stiff feel and has excellent abrasion, tear and puncture resistance. This is a very durable heavy weight fabric for use in insulation jacketing applications.

Typical Properties

Color	Dark Grey
Maximum Temperature	550 F Continuous
Weight	34 Oz./Sq. Yd.
Thickness	0.034 Inches
Width	60 Inches
Tensile Strength	605 * 520 W F

This information is given in good faith and is believed to be accurate. It is intended for use by persons skilled in the art of fabricating and applying removable/reusable insulation or like products. We do not imply or express a license to operate under or infringe on any patents that may apply.
