LEWCO Dense Knitted Silica Ropes

Product Specifications

LEWCO Twisted, Braided and Square Braided Ropes are made from asbestos free, highly texturized silica yarn. A firmer density allows for better sealing properties. Knitted rope will not unravel when cut. This is the economical choice for door seals, tadpole seals and general caulking and stuffing applications at service temperatures of 2000F and below.

Typical Properties

Diameter	—	Ft/Carton
1/8"	-	3750
3/16"	-	2550
1/4 "	-	1138
